

The first day of term and induction will take place on Monday 9<sup>th</sup> January 2012.  
Please report to the ISC, in the Philip Marchant Building.

---

### Induction activities

In this pack, you will find a draft timetable for your first week at university. Don't worry if there are some things you don't understand, as there will be opportunities for you to ask questions about anything related to the ISC or the university on the day you arrive.

In your first week you will have introductions to the UK and university life. There may also be a chance to get involved with social activities planned by the university. Finally you will receive information about starting your individual courses, including timetables and academic information.

The induction programme is designed to help you settle down within the university so that you can concentrate on your studies. The programme also aims to complete your registration and make sure you have all of the documentation necessary to begin your studies in the UK.

During the induction programme you will have a complete introduction to the UK, the university, and the ISC. You will:

- Register with the university and receive a library card
- Get set up and logged onto the university internet network
- Learn about the programme that you have registered for including information relating to progression to the university
- Learn the rules and regulations of the ISC and the university
- Open a bank account
- Register with local health services
- Ask questions about accommodation issues
- Learn about visa applications
- Register with the UK police, if necessary

### Your first day

On Monday 9<sup>th</sup> January there will be a Welcome Reception at the ISC at 4pm.

*The induction programme will start on Monday 9<sup>th</sup> January in the ISC, where you will meet ISC staff and learn about life at the University of Surrey.*

The ISC is circled on the campus map included with this pack. You will begin the day by meeting members of staff at the ISC, and completing your enrolment forms. You will be given a detailed arrival handbook and an updated induction week timetable, letting you know exactly where you should be, and when. You will have plenty of opportunities to ask questions.

We really hope you enjoy your first weekend here and have a productive, integrated and enjoyable stay with us at The University of Surrey.

This is a provisional timetable of activities during the first week after arrival. It is subject to change and students will be given an updated timetable on arrival.
