The University of Vermont

Global Gateway Program at the International Study Center
globalgateway.uvm.edu
Reach further.
Aim higher.
Enrich your experience

The University of Vermont is a distinctive ‘public ivy' recognized for our strengths in teaching and research and our leadership in service on a beautiful campus on the shores of Lake Champlain. Our partnership with Study Group helps us foster global relationships that bring the best and the brightest international students to the University.

We provide the resources of a flagship research university in an intimate educational setting that closely resembles a private liberal arts college. The University of Vermont specializes in offering a rigorous liberal education with strengths in the arts and sciences, the environment, and healthcare. Our world-class faculty provides excellent professional development and research opportunities for our students. Many of our faculty members collaborate on research projects with our undergraduate students.

As a student-centered institution, we are committed to the success of our students. Our characteristically small class size offers students a close relationship with faculty and with their peers. We welcome our international students, and we are dedicated to creating a supportive environment on our campus. Our inclusive and close-knit community of faculty, staff, and students gives international students a unique educational, social, and cultural experience.

Tom Sullivan, President

Why the University of Vermont?

Here, inspiration meets excellence

A ‘public ivy’ institution boasting an award-winning faculty, the University of Vermont (UVM) is located in one of America’s most picturesque regions. We offer an exceptional learning experience for exceptional individuals. Our global recognition means we attract the finest students from around the world, drawn from diverse cultures, backgrounds, and religions.

THE PERSONAL TOUCH

UVM’s extensive curriculum covers the full academic spectrum – from business and biology to engineering and the environment. Many of the academic programs are small in size, flexible, and built around your needs. We offer our students individual attention, giving them the knowledge, skills, and experience to prepare for their career.

TWO CENTURIES OF SUCCESS

This premier research university has a rich history stretching back over 200 years. This achievement is matched only by its outstanding reputation, which counts internet gurus, leaders of state, and Nobel Peace Prize winners as alumni. UVM’s esteemed faculty has also educated noted philosophers and Oscar nominees, adding to an impressive network of graduates. And with a dynamic campus life offering a plenitude of activities, we promise a stimulating, engaging, and thoroughly fulfilling experience.

Facts and stats

#82 by U.S. News & World Report

Founded: 1791
Burlington, Vermont

A small city with a big heart

The University of Vermont’s stunning historic campus is located in small, yet ideal Burlington. Nestled between the Adirondack and Green Mountains on the sparkling shores of Lake Champlain, this beautiful city has been welcoming tourists and students alike for centuries.

OLD WORLD CHARM, NEW WORLD STYLE

From boutique shopping and café hopping to live music and even livelier nightlife, Burlington is a city on the move. Yet it still retains a laid-back, relaxed atmosphere. Renowned for its cultural amenities and vibrant art scene, the city boasts theatres, galleries, and museums. All are easily accessible from the campus via a 15-minute walk or quick bus ride (free for undergraduate students).

INDULGE YOUR SENSES

Food lovers will be in their element. The city offers a wide range of bistros, gastropubs, and gourmet restaurants in which to sample a vast array of regional and international cuisine. So, it’s no surprise to learn that Burlington is the birthplace of world-famous Ben & Jerry’s ice cream. And after all that indulgence, you can work it off participating in the many outdoor pursuits available. Try biking alongside the lake, skiing in one of the mountain resorts, or just hiking around the delightful countryside of New England.

Global Gateway Program

Discover a world of difference
To help international students improve their English language skills and adapt to university life, we created the Global Gateway Program (GGP). The GGP provides dedicated support to help students succeed as undergraduates at UVM.

Do more, achieve more
GGP students receive English language support and take courses led by the distinguished UVM faculty. They are provided with the academic tools, supportive learning environment, and the course credits to advance to Year 2 of a bachelor’s degree.

The following courses are available in the 2-term Global Gateway Program:

**Academic Communication Skills I and II**
Content-based approach to using spoken and written English effectively for academic purposes, including strategies for reading, critical thinking skills, and abundant classroom opportunities to build language proficiency and acquire cultural knowledge successfully. (4 academic credits per course, 8 academic credits total)

**Academic Writing I and II**
Focused attention on developing successful strategies for college-level writing, including familiarization with appropriate style and sentence structure, citation guidelines, and analyzing cultural differences in writing. (4 academic credits per course, 8 academic credits total)

**U.S. Academic Culture**
This course is designed to enhance language/cultural skills and academic success through an exploration of college life in the U.S., including ideas that inspire American education, student experiences and responsibilities, campus resources, and effective learning strategies. (3 academic credits)

**Introduction to Global Studies**
Addresses the social, political, economic, natural, and cultural dimensions of globalization in the world today. Includes targeted attention to strategies for success in academic coursework at the university. (3 academic credits)

**Mathematics elective**
Math course, as determined by placement test. (3-4 academic credits)

**Additional academic elective**
Courses in math, statistics, chemistry, or computer science, dependent on the chosen degree program. (3-4 academic credits)

During the 3-term Global Gateway Program, students will have one term of intensive English language study prior to the academic coursework in the 2-term program. Regardless of where you start, you’ll be taught by University of Vermont faculty, taking academic courses with other GGP students and selected elective courses with American students. After gaining 28-30 academic credits (the equivalent of Year 1 of a Bachelor’s degree), students can enroll in one of over 100 degree programs offered by the following academic areas within the University of Vermont:

- College of Agriculture and Life Sciences
- College of Arts and Sciences
- School of Business Administration
- College of Education and Social Services
- College of Engineering and Mathematical Sciences
- The Rubenstein School of Environment and Natural Resources
- College of Nursing and Health Sciences

WHAT CAN I EXPECT?
- Dedicated staff to help with all aspects of your application, placement, and records
- Accommodations, meals, and insurance available during orientation week, before classes start.
- Continuous support throughout, including help with visa issues and advice on personal problems or information on anything you need to adjust to life in the U.S.

globalgateway.uvm.edu
On-site testing upon arrival will confirm English level and verify final placement.

Students must successfully complete the entire 2 or 3 consecutive terms of the Global Gateway Program with a minimum 2.5 GPA to matriculate into Year 2 of a UVM degree program.

DIRECT ENTRY MINIMUM ENTRY REQUIREMENTS

TOEFL iBT (or equivalent) 79
GPA: Minimum 2.75-3.0 grade point average on US 4.0 scale or country/regional equivalent

2 YEARS OF:
- The same foreign language (American sign language meets this requirement)
- A natural or physical science, including a laboratory science

3 YEARS OF:
- Social sciences
- Mathematics (algebra I, algebra II and geometry or equivalents)

4 YEARS OF:
- English
The Global Gateway Advantage

What does it mean to be a Global Gateway student?
It means we will welcome you to our community and support your academic pursuits the day you arrive on campus. The following are answers to frequently asked questions for students looking to apply to the Global Gateway Program.

Do I study English language?
Yes. Depending on your language level, you may take the 2- or 3-semester Global Gateway Program at the International Study Center (ISC).

Do I study academic courses?
You take specialized academic courses that fulfill the university’s general education requirements and fully prepare you to enter your degree program.

Do I take classes with American students?
During the GGP, you will take your elective math or science courses with American students.

Do I get academic credit for my degree?
You will take credit-bearing courses in the GGP. Credits vary by course.

Do I get extra academic support and learn study skills?
The International Study Center at the University of Vermont provides additional support to help you succeed academically.

Do I get extra personal help to adjust to living in America?
The GGP and ISC staff will support you to ensure you adapt to being an active member of the student community and living in America.

After the GGP, do I continue into the second year of my degree program?
Upon successful completion of the GGP, you will move into the second year of your degree program.

Will I graduate after 4 years?
Students who successfully complete the academic coursework of the GGP and their degree program may graduate after 4 years.

Do I lose time in the GGP?
You do not lose time during the GGP. You can still graduate in 4 years, similar to direct entry students.

Is there an application fee?
There is no application fee for the GGP application.

Do I get a university issued I-20?
The University of Vermont issues the I-20 and will work with you to renew your I-20 after the GGP.

Do I need to submit letters of recommendation to apply?
Letters of recommendation are not required for Global Gateway applicants.

Am I taught by university faculty?
The GGP is taught entirely by esteemed University of Vermont faculty.

Will I get an admissions decision in a timely manner?
GGP applications are promptly reviewed.
Our university means business

UVM’s School of Business Administration educates responsible managers for success in complex, global, multi-stakeholder and sustainable environments. Students are led by faculty members who not only excel in education, research and practice, but also bring real world business experience into the classroom and their research.

Bachelor of Science in Business Administration:

THEMES
- Sustainable Business
- Global Business
- Entrepreneurship

ENTRY PREREQUISITES
- 4 years of math, at least 1 beyond algebra II
- Trigonometry, calculus, or pre-calculus preferred

CONCENTRATIONS
- Accounting
- Finance
- Marketing
- Business Analytics

THE BEST COURSE FOR THE BEST JOBS
Graduates have gone on to work at the world’s most prestigious companies, including JetBlue Airways, General Electric, Goldman Sachs, and PriceWaterhouseCoopers. And, almost 80% of business students participate in at least one internship during their time at UVM.

“Our students, faculty, and staff are engaged and passionate about building better organizations and a better society.”
DEAN SANJAY SHARMA

IMPRESSIVE OUTCOMES
Our alumni have gone on to secure some of the most sought-after positions in business:
- Senior Vice President at General Electric
- Equities Managing Director of Morgan Stanley
- Director of the Americas for the NASDAQ Stock Market
College of Engineering and Mathematical Sciences

The science of success

Home to the School of Engineering, Department of Computer Science, and Department of Mathematics and Statistics, the college offers a stimulating, professionally-oriented academic program, based on challenging coursework, valuable field experience, and intensive student–faculty interaction.

Students have the opportunity to pursue one of 10 majors offering exciting career prospects:

- Civil Engineering
- Computer Science
- Computer Science and Information Systems
- Electrical Engineering
- Engineering
- Engineering Management
- Environmental Engineering
- Mathematics
- Mechanical Engineering
- Statistics

ENTRY PREREQUISITES

- 4 years of math, including trigonometry or pre-calculus
- 2 years of a laboratory-based science (chemistry and physics for engineering majors)

ENGINEER YOUR CAREER

Our reputation as a research university enables undergraduates to work on design projects with industry leaders, such as Goodrich Aerospace and IBM. Our recognized courses, led by an expert faculty, provide students with the solid foundations for a successful career in engineering.

“Just as IBM is moving from solving narrow problems focused primarily on technology, to issues at a societal level, the University of Vermont is leading the way in redefining its educational structure to graduate engineers and mathematicians that are prepared to use their training in service to humanity.”

NICHOLAS M. DONOFRIO, EXECUTIVE VICE PRESIDENT, IBM GLOBAL

“As a member of our community you will learn skills that will help you develop into a top-notch science and technology thinker and professional.”

DEAN LUIS GARCIA
Global Gateway Program

College of Arts and Sciences

Where creativity and critical thinking connect

The College of Arts and Sciences gives students the small, liberal arts school feel with the resources of a large national university. Choose between 46 different majors across a wide spectrum of disciplines. Each of the courses promises an engaging experience that generates creativity, encourages debate, and stimulates thought. The college's programs prepare students for entry into rewarding careers in a variety of fields and for advanced study that may be prerequisite to other opportunities.

- Psychology
- Sociology

“We believe in and practice the scholar-teacher model: engaging students in their pursuit of discovery and creative expression — the idea that scholarship and teaching are intrinsically connected, the idea that teaching and research are equally important and complementary.”

DEAN ANTONIO CEPEDA-BENITO
College of Nursing and Health Sciences

For healthy minds

Emphasizing hands-on learning, the college is next to a premier teaching hospital and medical center, Fletcher Allen Health Care, where students learn the clinical side of the profession alongside prominent researchers and practitioners. The curriculum includes rigorous academic preparation and most programs include extensive field experience to gain the necessary skills to become a fully qualified healthcare professional.

DEGREES
- Athletic Training
- Communication Sciences and Disorders
- Exercise and Movement Science
- Medical Laboratory Science
- Nuclear Medicine Technology
- Nursing
- Radiation Therapy

ENTRY PREREQUISITES
- 1 year of biology
- 1 year of chemistry
- 4 years of math, including trigonometry or pre-calculus
- 1 year of physics for Exercise and Movement Science majors

Fletcher Allen Medical Center facts and stats

Located on the edge of campus

#1 Regional hospital by U.S. News & World Report
#1 in patient safety from the annual University HealthSystem Consortium

"The College is dedicated to meeting our society’s need for highly qualified and well-prepared health-care professionals who are ready to join the workforce or to create new opportunities for learning upon graduation."

DEAN PATRICIA PRELOCK

globalgateway.uvm.edu
The Rubenstein School of Environment and Natural Resources

Let nature take your course

At The Rubenstein School of Environment and Natural Resources, the Green Mountain landscape acts as a living, breathing classroom. Students will work in the field on research assignments that combine natural sciences with social perspectives. In this college, you’ll discover the knowledge, skills, and values to become the ecologically responsible leaders of tomorrow.

DEGREES
• Environmental Sciences
• Environmental Studies
• Forestry
• Natural Resources
• Parks, Recreation, and Tourism
• Wildlife and Fisheries Biology

ENTRY PREREQUISITES
• 1 year of biology
• 1 year of chemistry or physics
• 1 year of math beyond algebra II

EXPAND YOUR HORIZONS
The state-of-the-art lab facilities at the Rubenstein School enable students to truly understand the world around them. The University of Vermont also collaborates with other research centers across Vermont. Many undergraduates extend their studies by joining research projects supported by the National Science Foundation, Harvard Forest Summer Research Program, and the Smithsonian Environmental Research Center.

“The shared learning community of the Rubenstein School is working together to find balance between humanity’s wants and needs, to address the overlapping challenges of persistent poverty and natural resource depletion, and to build a restorative and sustainable relationship between our environment and society.”

INTERIM DEAN JON ERICKSON
Global Gateway Program

College of Education and Social Services

Action through engagement

The College of Education and Social Services provides undergraduates with the necessary skills to become lifelong educators. Students will gain first-hand experience of a classroom environment at the on-campus Children’s Center and within the Burlington School District – essential preparation for a career addressing the educational needs of Vermont and beyond.

DEGREES
- Art Education
- Early Childhood Education
- Early Childhood Special Education
- Elementary Education
- Human Development and Family Studies
- Middle Level Education
- Music Education
- Physical Education
- Secondary Education
- Secondary Education – English
- Secondary Education – Language
- Secondary Education – Mathematics
- Secondary Education – Science
- Secondary Education – Social Science
- Social Work

“There is no other profession besides education that permeates every aspect of our daily lives.”
DEAN FAYNEESE MILLER

ACCREDITED PROGRAMS
Academic programs in the College of Education and Social Services are accredited by the following organizations:
- Council on Social Work Education
- Council for Accreditation of Counseling and Related Educational Programs
- National Council for the Accreditation of Teacher Education
College of Agriculture and Life Sciences

Cultivate your skills

The College of Agriculture and Life Sciences boasts an impressive range of courses in a stimulating environment. While still connected to traditional agriculture, the college’s diverse program addresses many of the current issues facing the future on a local and global level – from molecular genetics and animal ecosystems to human nutrition and international development.

DEGREES

• Animal Science
• Biochemistry
• Biological Science
• Community Entrepreneurship
• Community and International Development
• Dietetics, Nutrition and Food Science
• Ecological Agriculture
• Environmental Sciences
• Environmental Studies
• Microbiology
• Molecular Genetics
• Nutrition and Food Sciences
• Plant Biology
• Public Communication
• Sustainable Landscape Horticulture

ENTRY PREREQUISITES

• 1 year of biology
• 1 year of chemistry
• 1 year of math beyond algebra II

Facts and stats

The degree programs are financially backed with competitive research funding:

$1.7m federal Hatch dollars, awarded for research benefiting the Vermont community

$3.2m research awarded in 2013

4 off-site research and teaching facilities across the state

“Our faculty excels in the classroom and many have received awards at the college, university, and national level for their ability to work with and inspire students.”

DEAN THOMAS VOGELMANN
Academic support

Dedicated, individualized resources

Our student services provide academic support outside of classroom hours, which means all our undergraduates receive the necessary help to achieve their educational objectives.

ACADEMIC ADVISORS
Each of the seven schools and colleges on campus has its own student services department. Every undergraduate will be assigned an academic advisor. These faculty members work with students to ensure they attain their academic goals, and that they are in line with the graduation requirements of the university.

UNIVERSITY WRITING CENTER
The University Writing Center provides added assistance with understanding writing assignments, developing ideas, or working on a paper. A completely free service, students can meet one-on-one with a faculty recommended tutor who has strong academic writing skills.

THE LEARNING COOPERATIVE
The Learning Cooperative offers students subject area tutoring for all academic courses. Free of charge to all undergraduates, the service is delivered by students with an outstanding academic record in their chosen course.
Life on campus

Work hard. Play hard.

An active, dynamic campus life is as important as your academic life. The University of Vermont is no exception. Over 170 different clubs and organizations reflect our students’ diverse interests, so the only hard part will be deciding which one to join. Below is a partial listing. It’s easy to get involved!

ACADEMIC AND CAREER
• AERO Car Club – Alternative Energy Racing Organization
• Lawrence Debate Union – ranked #21 worldwide by the International Debate Education Association
• Engineers Without Borders
• International Careers

COMMUNITY SERVICES
• Volunteers in Action
• Habitat for Humanity
• Campus Kitchen and Food Project

DIVERSITY & CULTURAL
• Alianza Latina
• Black Student Union
• Chinese Student Union
• Muslim Student Association

LEADERSHIP
• Student Government Association
• Class Council
• Club Sports Council

GREEK LIFE
• 9 Fraternities
• 6 Sororities

MEDIA
• WRUV (student radio)
• Vermont Cynic (award-winning campus newspaper)
• UVMtv Channel 12

OUTDOOR RECREATION
• Outing Club
• Ski and Snowboarding Club

LEADS & LEISURE
• Salsa & Swing Society
• Concert Band or Choir
• a cappella Singing
• Catamount Dance Crew

• Alpine and Nordic Skiing (M&W)
• Cross-country Running (M&W)
• Field Hockey (W)
• Lacrosse (M&W)
• Soccer (M&W)
• Track and Field (M&W)
• Swimming and Diving (W)

CLUB AND INTERMURAL SPORTS INCLUDE:
• Badminton
• Basketball
• Crew
• Dance Team
• Dodgeball
• Equestrian
• Ice Hockey
• Rugby
• Skiing
• Swimming
• Volleyball
Campus facilities and accommodation

Classic facilities
The University of Vermont is committed to providing students with a superior educational experience. To achieve this, we offer state-of-the-art facilities.

COMFORTABLE ACCOMMODATIONS
All our undergraduate students are required to live on campus for the first two years of their study. As a Global Gateway Program student, you will be living in the Marsh Austin Tupper housing complex. It is located in the heart of the student community and is home to the Global Gateway Program support services. While staying at Marsh Austin Tupper, you will also have many other facilities close by.

SAFETY ON CAMPUS
Scattered throughout the campus are either wall-mounted or free-standing blue light units that provide instant two-way communications with the police dispatcher. A blue light identifies their location and a clear strobe flashes when the unit is activated.

Marsh Austin Tupper
Home to the International Study Center, at the University of Vermont

Aiken Center
One of many innovative facilities on campus featuring student-led research projects

FeelGood
UVM’s student-run, non-profit deli serving up delicious grilled cheese sandwiches that benefit The Hunger Project

For ease of access around the university, there is a convenient shuttle service (Campus Area Transportation System). It stops at several areas on the campus, including just outside the doors of the Global Gateway Program.

Gutterson Fieldhouse and Patrick Gymnasium
Home to the Vermont Catamounts sport teams, the fitness center is open to all students
Students will live on-campus in Marsh Austin Tupper during their year in the GGP.

Bailey Howe Library
In addition to housing the largest collection of books in Vermont, the Library also contains the Cyber Café and Writing Center.

Davis Center
The heart of campus life, this student center is a great place to eat, relax, and study.

Brennan’s Pub & Bistro
Featuring a local and sustainable food menu, Brennan’s also hosts student-driven events including trivia contests and comedy nights.
Student success and outcomes

CAREER SERVICES
Our Career Center is a one-stop shop for all networking and career-related inquiries. We offer the following services:

• 4-year Plan for Career Success – designed to identify goals, strategies, and next steps for each year of study, leading to strong career prospects upon graduation
• Catamount Job Link – used by both undergraduates and alumni, this online resource offers jobs, internships, and networking opportunities
• Dedicated career counselor specializing in international opportunities

CAREER + EXPERIENCE HUB
The Career + Experience Hub is a great resource for students who are uncertain about their internship or job search. This essential service provides students with all they need to know to enhance their personal and career development – from interview preparation and résumé building to networking.

INTERNSHIPS
Internships are a large part of the undergraduate experience. They offer an unparalleled opportunity to acquire essential experience in a professional environment. They also provide a chance to explore career directions, put learning into practice, and establish vital contacts. And they may even lead to a future permanent position.

Internships are a highlight of many students’ academic experience. Our undergraduates have interned at many of the country’s leading companies, including:

• IBM
• GE Healthcare
• Green Mountain Coffee Roasters
• NBC News
• MTV
• National Science Foundation
• Fletcher Allen Health Care
• Vermont Public Radio
• TD Bank

NETWORKING
The Alumni Association and Career Center are dedicated to improving communication amongst faculty, students, and potential internship sites and employers. They host numerous networking events in all major U.S. cities, including Boston, Washington D.C., New York City, and Chicago. Visit alumni.uvm.edu to find out more.

ALUMNI
The University of Vermont boasts an impressive alumni network of over 92,000 individuals. Notable former students include:

• Brian Halligan, CEO and Co-founder of HubSpot
• John Dewey, 19th century educational philosopher
• Premila Peters, CFO of GE Healthcare, Global X-Ray division
• Jody Williams, recipient of the 1997 Nobel Peace Prize
• John McGill, Doctors Without Borders, recipient of the 1999 Nobel Peace Prize
• Jon Kilik, Oscar nominee and producer of The Hunger Games

How to apply

APPLICATION CHECKLIST

- Completed application form
- Proof of English language proficiency by:
  - TOEFL score report
  - IELTS score report
  - Password English test
- Passport (scan of photo identification page)
- Copy of current I-20, I-94 card or number, and visa (if already in the U.S.)
- Recent copy of the fee payer’s bank statement
- Copy of High School graduation certificate (if available at time of application)
- Full transcripts of all your relevant academic qualifications:
  - Scanned copies of your secondary education transcripts showing the final three or four years (including 9th grade) where applicable.
  - A school’s seal or Principal’s signature must appear on the copy
  - Certified originals are required on arrival at the university, unless official hard copies are requested during the application process
- Student essay
